- HJR 1 S Joint Resolution on Groundwater in Snake Valley urges the governor to include a citizen from Snake Valley in the negotiations over groundwater division & to wait for scientific studies to be completed.
- HB 110 State Fleet Efficiency Requirements directs all state agencies to submit vehicle efficiency plans and provide written justification for vehicles that are larger than standards.
- HB 192 Revoking Authority to Use State Lands repeals decades-old laws authorizing the Fish & Wildlife Service to manage state-owned land inside the Bear River Wildlife Refuge. A badly-conceived bargaining ploy.
- HB 425 S Street-legal All-terrain Vehicle Amendments would have made use of ATVs legal on any state road or highway. The sponsors promoted this subterfuge hoping to lure the state into its litigation with the feds.
- SB 29 Instream Flow to Protect Trout Habitat Act would have created a new category of temporary water right that could be held for up to 10 years by non-profits to benefit 3 species of trout.
- SB 155 Waste Amendments exempts the current Energy Solutions radioactive waste disposal site in Tooele County from certain approval and siting requirements.
- SB 183 Restrictions on Designation of Wetlands prevents municipalities from designating or protecting through zoning any wetlands not recognized as such by the US Army Corps of Engineers.
- SB 223 S2 Tax Amendments extends & amends income tax credits for both business and individual installations of wind, solar, geothermal or biomass electricity generating facilities. The provisions of SB 13, Tax Incentives for Alternate Power Generation, were rolled into this bill
